

PRODUCT DATA

Brand Name: RESCOCAST 110G QT

Description: RESCOCAST 110G QT is a unique gunning grade refractory that has been formulated to have high strength and abrasion resistance with relatively low thermal conductivity. RESCOCAST 110G QT is the gun mix of choice when high performance and insulating value are desired in a single gun mix. After the initial set, this gun mix can be heated without using the traditional ramp-and-hold heatup schedule. Refer to the recommended QUIKTURN heatup schedule for initial heatup.
